WHY CHOOSE MAVEN?

Maven prides itself on delivery and ensures our customers not only experience the highest quality but understand what they mean to us. Maven offers support for only IBM Maximo® software, so it is the focus of our business. The Maven team has many years of experience managing Maximo and supporting maintenance and reliability initiatives. You no longer need to worry about employing trained Maximo support personnel. We will support Maximo for you so that you can focus on your customers.

We have **TECHNICAL AND PROCESS EXPERTISE**. Our staff is highly trained and certified. We offer hundreds of years of combined Maximo experience.

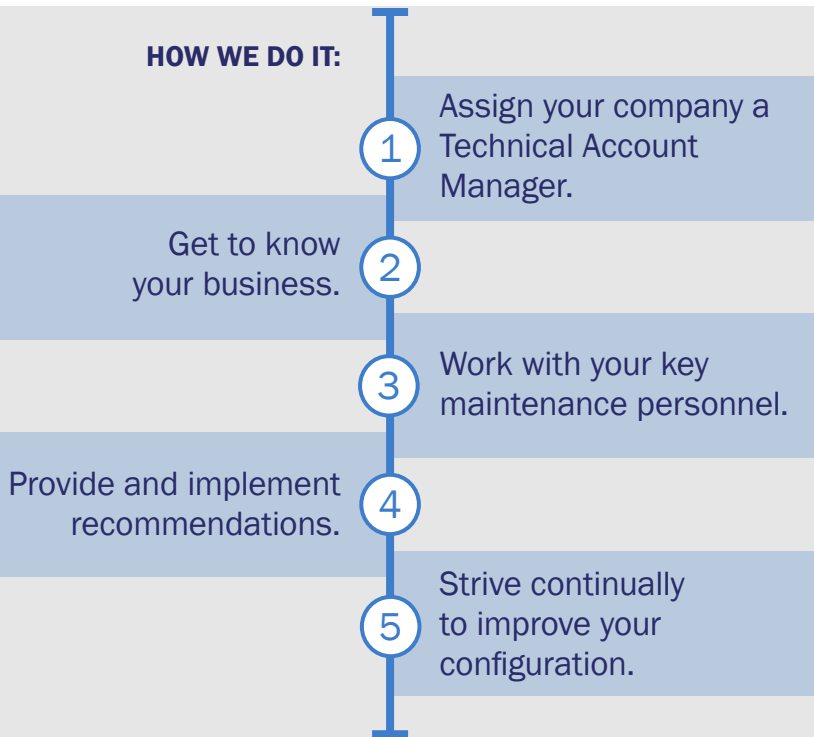

We are **CLIENT FOCUSED**. Maven believes in order to deliver and meet our clients' expectations, we need to understand their needs. In order to understand you, every team member ensures that we: *listen, communicate, and understand*.

OUR EXPERTISE IS YOUR SUCCESS.

We provide full Maximo implementation services, configuration, upgrades, cloud migration, mobile solutions, integrations, process realignment, system administration, reporting, and customized role-based training.

HOW WE DO IT:

PERSONALIZED SERVICES FOR YOU INCLUDE:

- Help Desk Support
- Login Maintenance
- License Compliance
- System Configuration
- Issue Resolution
- Integration Support
- Data Migration
- Report Development
- Maximo Application Suite Upgrades
- Maximo SaaS & Cloud Services

We have **MAJOR BENEFITS** for you. We provide a stable Maximo environment. We give expert recommendations for improvements. You receive quick responses to questions and issues. Our expertise is a phone call away.

SO, REALLY WHY CHOOSE MAVEN?

You can now answer the question. Become part of the Maven family and make us your Maximo support expert. With Maven, you will benefit from this partnership knowing that you are getting the most experienced and talented industry consultants within the Maximo ecosystem. And, to top it off, we are ISO 9001:2015 Certified which means you can have confidence in our processes and our ability to deliver a service that surpasses your needs.

Let our expertise be your success. #MavenExperience
