**MAVEN ASSET MANAGEMENT ANNOUNCES STRATEGIC MRO BUSINESS
RELATIONSHIP WITH NET RESULTS GROUP**

Alliance creates new opportunities to deliver high quality value-add solutions to joint clients

TAMPA, FL – December 14, 2023 – Maven Asset Management, a leading IBM Maximo Business Partner providing full scale Maximo EAM solutions, project advisory services and technical services, today announced they have signed a Teaming Agreement with Net Results Group, a leader specializing in MRO master data management for asset intensive organizations.

The general terms of the comprehensive business relationship calls for amplifying the capabilities and reach of both companies through coordinated industry-aligned MRO offerings, joint go-to-market programs, and leveraging the highly skilled professional services teams that make asset management simple and practical for organizations of all sizes.

“IBM Maximo’s strong position as the demand engine in the MRO supply chain made Net Results Group a natural partner for us as we share many customers that need the full scalability of our integrated solutions,” commented Jennifer Gatza, CEO, Maven. “The partnership also highlights the domain expertise of both companies that will help qualify project goals and provide dedicated roadmaps for our joint clients to benefit from.”

“Two compelling forces drove both companies to formalize this partnership; increased customer demand for enterprise-level solutions that can only be delivered in concert with partners and enterprise engagements that demand specific MRO expertise,” commented Lance Gilbert, Managing Partner, Net Results Group. He added, “we understand the value of our strategic partners’ critical role in delivering high quality solutions to joint customers around the world. The agreement with Maven reinforces our commitment to working closely with partners to create new sales and revenue opportunities.”

About Maven Asset Management

Maven Asset Management is a Gold IBM Business Partner and ISO 9001:2015 certified, demonstrating their commitment to providing quality Maximo services including MAS upgrades.
